Project: Pedestrian Scale Lighting Standards
Phase: Briefing
Last Reviewed: Feb 4, 2010
Presenters: Ahmad Darrat, SDOT

Attendees: Rebecca Frestedt, DON
Genna Nashem, DON
Barbara Gray, SDOT

Time: 1.25 hours

ACTION

The Commission thanked Ahmad Darret of SDOT for his clear presentation of the Pedestrian Scale Lighting Standards effort and unanimously approved the design direction, with the following comments:

- Consider how the motion sensor technology can be employed so that the lights work as well for bicyclists as pedestrians.
- Limit the number of colors used for the light fixtures to provide consistency city wide.
- Ensure fixture consistency especially throughout the historic districts, Olmstead boulevards, and parks.
- Aim for more universally available fixtures. The Commission is concerned that the proprietary nature of some of the fixtures may reduce SDOT's ability to properly maintain them.
