

# PARK & RIDE CLOSURE NOTICE

DECEMBER 2019

## LONG-TERM CLOSURE OF NORTH SEATTLE PARK & RIDE STARTING JANUARY 9, 2020

The North Seattle Park & Ride will be closed until fall 2021 for construction of the Northgate Ped/Bike Bridge project.

### WHY IS THE PARK & RIDE CLOSING?

The Washington State Department of Transportation and King County Metro are partnering with Seattle Department of Transportation during the construction of the Northgate Ped/Bike Bridge Project. The lot will be used to stage equipment and materials for the duration of the closure.

### WHERE ELSE CAN I PARK?

There are several alternative parking areas less than half a mile away, including:

- Northgate Transit Center, .1 mile away
- Northgate Station Garage, .1 mile away
- Thornton Place Garage, .3 mile away (6 AM–8 PM, Monday–Friday)
- Northgate Mall Garage, .4 mile away (5 AM–12 AM, Monday–Friday)

## PROJECT BACKGROUND

King County Metro is partnering with Seattle Department of Transportation during the construction of the Northgate Ped/Bike Bridge project. The bridge will span I-5, landing at 1st Ave NE and NE 100th St on the east side, near the future light rail station, and at North Seattle College on the west side.

## PROJECT BENEFITS

The Northgate Ped/Bike bridge will be an accessible, all-ages-and-abilities bridge over I-5 in north Seattle. Once complete, the bridge will help connect the neighborhood's thriving job and retail centers with the rest of the city and the region by providing access to the major transit hub, services, and communities. It will also decrease travel times for people walking and biking between the two sides of the freeway. Project elements include:

- Direct connection to the Sound Transit Link light rail station
- A protected bike lane along 1st Ave NE between NE 103rd St and NE 92nd St
- A multi-use path between NE 103rd St and NE Northgate Way
- Handrail lighting and emergency call boxes for people using the bridge
- ADA-compliant ramps
- Art elements that move with the wind's kinetic energy
- Resting spots for people moving across the bridge
